CONTENTS OF VOLUME XXVI

Number 1.

Igneous Intrusions and Ore Deposits of the Zone of Flowage
E. C. Andrews 1
Sedimentation in the Channel Islands Region, California .....*P. D. Trask* 24
Structural Geology, Conception Bay Region and Wabana Iron Ore Deposits of Newfoundland .....*A. O. Hayes* 44
Subterranean Water Conditions in the Coastal Regions of the Netherlands .....*J. Versluys* 65
Copper on the Coppermine River, Canada .....*Geoffrey Gilbert* 96
Editorial:
Conservation .....*C. K. Leith* 109
Discussion and Communications:
Quantitative and Qualitative Determination of Ores of Cobalt, Ontario
J. W. Young 112
Origin of the Manchurian Magnesite Deposit .....*H. Nishihara* 118
Reviews:
Grundfragen der Ölgeologie (Krejci-Graf) .....*W. V. Howard* 122
Introductory Economic Geology (Tarr) .....*W. S. Bayley* 123
Simple Geological Structures (Platt and Challinor) ....*A. H. Sutton* 124
Der Nutzglimmer (Mohr) 124
Comets (Olivier) 125
Books Received 125
Society of Economic Geologists 127
Scientific Notes and News 129

Number 2.

The Geology and Ore Deposits of Chambishi, Northern Rhodesia
D. M. Davidson 131
Bentonite from Ventura, California .....*Paul F. Kerr* 153
Classification of the Lode Deposits of South-Central Idaho .....*C. P. Ross* 169
Intergrowths of Bornite and Chalcopyrite .....*G. M. Schwartz* 186
Vlakfontein Nickel Deposits, Rustenburg Area, Transvaal ..*R. D. Hoffman* 202
A Tin-Silver Vein at Snowflake Mine, British Columbia ...*H. C. Gunning* 215
Discussion and Communications:
White Clays in Southern Saskatchewan .....*D. F. Hamelin* 225
Coal as a Recorder of Incipient Rock Metamorphism
R. Murray-Hughes 227
Color Charts and Geology .....*C. H. Behre, Jr.* 228

Reviews:
The Mineral Industry of the Far East (Torgasheff) ....*G. B. Cressey* 231
Handbuch der Experimentalphysik .....*W. S. Bayley* 232
Elementary Economic Geology (Ries) .....*Alan Bateman* 232
Bruch- und Fliess-Formen der Technischen Mechanik: Band II, Scher Form, Band III, Zerreiss Form (Seidl) .....*D. C. Barton* 233
Living Africa (Willis) .....*Alan Bateman* 234
Sons of the Earth (Mather) 234
A History of Science (Dampier-Whetham) 234
Books Received 235
Scientific Notes and News 238

Number 3.

The Tin Ores of Uncia-Llallagua, Bolivia .....*Friedrich Ahlfeld* 241
Overthrust Faulting and Oil Prospects, Eastern Alberta Foothills
G. S. Hume 258
Secondary Concentration of Lake Superior Iron Ores .....*C. K. Leith* 274
"Cave Pearls," Oölites, and Isolated Inclusions in Veins
S. C. Davidson and H. E. McKinstry 289
A Lead-Zinc Deposit at Geneva Lake, Ontario .....*Ralph Tuck* 295
"Red-Bed" Copper Deposits in Nova Scotia and New Brunswick
E. B. Papenfus 314
Editorial:
Mineral Exploration .....*C. K. Leith* 331
Discussion and Communications:
Stability Relations of Goethite and Hematite
G. Tunell and E. Posnjak 337
Polished Thin Sections of Ore and Rock
H. F. Grondijs and C. Schouten 343
Reviews:
The Coal Fields of the United States (Campbell and Bownocker)
E. S. Moore 346
Field Geology (Lahee) .....*H. R. Wanless* 347
Systematic Crystallography (Barker) .....*W. S. Bayley* 347
World Minerals and World Politics (Leith) .....*Alan Bateman* 348
Elements of Engineering Geology (Ries and Watson) 348
Books Received 349
Scientific Notes and News 351

Number 4.

Some Problems of the Rocky Mountain Phosphate Field ..*G. R. Mansfield* 353
The Veins and Crossings of the Grass Valley District, California
John B. Knaebel 375
Geology and Ore Deposits of Buchans, Newfoundland ..*W. H. Newhouse* 399
A Method for Sampling Minerals in Polished Sections ..*Maurice Haycock* 415
Transportation of Gold by Organic Underground Solutions
Fred. W. Freise 421

Precious and Ornamental Stones of Russia .....*Sergey E. Lavrov* 432
Editorial:
Supergene Martite .....*Per Geijer* 437
Discussion and Communications:
Origin of Sedimentary White Clays .....*F. R. Neumann* 440
Stability Relations of Goethite and Hematite .....*J. W. Gruner* 442
Reviews:
Physiography of the Western United States (Fenneman)
W. S. Bayley 446
The Glacial Geology of Connecticut (Flint) .....*Adolph Knopf* 446
Handbook for Prospectors (von Bernewitz), 2d ed. ....*Alan Bateman* 447
A Year on the Great Barrier Reef (Yonge) .....*C. H. Crickmay* 448
Geologie de la Mediterranée occidentale 449
Books Received 449
Scientific Notes and News 451

Number 5.

The Silver-Tin Deposits of Oruro, Bolivia ..*W. Lindgren and A. C. Abbott* 453
The Phosphate Deposits of Kourigha, Morocco .....*A. C. Lawson* 480
The Systems Iron Oxides: CO_2:CO, and Iron Oxides: H_2O:H_2, as Applied to Limestone Contact Deposits .....*S. G. Lasky* 485
A Method of Applying Reagents under the Mineralographic Microscope
F. F. Osborne 496
The Diamond-Bearing Region of Northern Minas Geraes, Brazil
L. J. Moraes and D. Guimaraes 502
Geology and Ore Deposits of Katanga, Belgian Congo ...*Maurice Robert* 531
Discussion and Communications:
The Origin of Chromite .....*C. S. Ross* 540
A Polarizing Vertical Illuminator for Mineralography ..*F. F. Osborne* 545
Reviews:
Determination of the Opaque Minerals (Farnham) ..*Edward Sampson* 551
Physics of the Earth: II, The Figure of the Earth .....*W. S. Bayley* 553
The Oil Exploration Work in Papua and New Guinea
W. G. Woolnough 553
Die Schlämmanalyse (Gessner) .....*W. S. Bayley* 556
Geology and Ore Deposits of the Boulder Belt, Kalgoorlie (Stillwell)
H. E. McKinstry 556
Books Received 558
Scientific Notes and News 560

Number 6.

Criteria of Age Relations of Minerals .....*E. S. Bastin, L. C. Graton, W. Lindgren, W. H. Newhouse, G. M. Schwartz and M. N. Short* 561
Genesis of Lead-Zinc Deposits at Pine Point, Great Slave Lake
J. M. Bell 611
Chromite Deposits near Sheridan, Montana .....*Verner Jones* 625

Gold in Cadillac, Quebec .....*L. V. Bell* 630
Geology of the San Antonio Gold Mine, Rice Lake, Manitoba ..*J. A. Reid* 644
Discussion and Communications:
The Origin of Chromite .....*Edward Sampson* 662
A Lead-Zinc Deposit at Geneva Lake, Ontario .....*F. F. Osborne* 669
Reviews:
Magnetite Deposits of French Creek, Pennsylvania (Smith)
H. E. McKinstry 673
Economic Geography of Europe (Blanchard and Visher)
W. S. Bayley 674
Geology of Petroleum (Emmons) .....*W. V. Howard* 674
The Japanese Earthquake of 1920 (Davison) .....*W. S. Bayley* 675
Biennial Report of State Geologist of Missouri, 1931 ...*Alan Bateman* 676
Books Received 677
Scientific Notes and News 679

Number 7.

Historical Notes on Gem Mining .....*S. H. Ball* 681
Textures Due to Unmixing of Solid Solutions .....*G. M. Schwartz* 739
The Geometrical Pattern of Contacts in Determinative Paragenesis
R. D. Harvey 764
Hydrothermal Origin of the Barite in Alabama .....*G. I. Adams* 772
A Method of Illustrating the Magnification of Photomicrographs
D. C. Sharpstone 777
Discussion and Communications:
Hydrothermal Oxidation and Leaching .....*L. E. Dick* 783
How a Geological Survey Serves the State .....*R. W. Stone* 786
Reviews:
The Study of Rocks (Shand) .....*W. S. Bayley* 790
Principles and Practice of Geophysical Prospecting (Broughton-Edge and Laby) .....*D. C. Barton* 791
Physics of the Earth (National Research Council):
Part I, Volcanology, and Part III, Meteorology 792
Part IV, The Age of the Earth .....*W. S. Bayley* 792
A Practical Handbook of Water Supply (Dixey) .....*W. S. Bayley* 793
The Mines Handbook (Rand and Sturgis) 794
Books Received 795
Scientific Notes and News 797

Number 8.

Deposition of Manganese .....*Carl Zapffe* 799
Varieties of Chromite Deposits .....*Edward Sampson* 833
Fissure Vein and Lode Relations in Michigan Copper Deposits
T. M. Broderick 840
Hydrothermal Experiments with Copper Compounds .....*C. F. Park, Jr.* 857
Deformation of Galena and Pyrrhotite ...*F. F. Osborne and F. D. Adams* 884

Discussion and Communications:
Stability Relations of Goethite and Hematite
G. Tunell and E. Posnjak 894
Stannous Chloride, an Etching Reagent for Iron Ores ..*W. O. Hickok* 898
Reviews:
Mineralische Bodenschätze in Südlichen Afrika (Schneiderhöhn)
W. S. Bayley 902
Earth Features and Their Meaning (Hobbs) .....*Alan Bateman* 902
Simple Determinative Mineralogy (Beringer) .....*W. S. Bayley* 903
Elements of Geology (Miller) .....*Alan Bateman* 903
Books Received .....*D. Gallagher* 904
Society of Economic Geologists 906
Scientific Notes and News 908
Index, Volume XXVI 909
Contents, Volume XXVI iii
